## Kazderni

Kazderni hides business names on its public pages (for example 'Guesthouse, Douma'), so none of these hosts could be confirmed there. The message below asks each host directly. Hosts on Kazderni need manual blocks in the app, since Kazderni has no iCal or API.

## English

Hi [Guesthouse name] team, I'm [Your name], a developer in Lebanon. We're building a simple direct-booking page for Lebanese guesthouses: guests book and pay a deposit directly with you (cash, Whish, OMT or bank), and your calendar syncs with Booking.com and Airbnb so the same room is never booked twice.

We're looking for a few guesthouses to try it for free from 27 October for two weeks. It takes about 20 minutes to set up your rooms, and we'll do it with you.

Are you open to a quick call or a visit this week? And are you also listed on Kazderni?

Thank you!

## Arabic

مرحبا فريق [اسم بيت الضيافة]، أنا [اسمك]، مطورة من لبنان. عم نبني صفحة حجز مباشر بسيطة لبيوت الضيافة اللبنانية: الضيف بيحجز وبيدفع العربون مباشرة إلكن كاش، OMT ،Whish أو تحويل بنكي، والروزنامة بتتزامن مع Booking.com وAirbnb حتى ما تنحجز نفس الغرفة مرتين.

عم نفتش على كم بيت ضيافة يجربوها مجانا لمدة أسبوعين ابتداء من ٢٧ تشرين الأول. تجهيز الغرف بياخد حوالي ٢٠ دقيقة، ومنعملها سوا.

بتكونوا جاهزين لاتصال قصير أو زيارة هالأسبوع؟ وهل إنتو كمان موجودين على Kazderni؟

شكرا كتير!
